

481—66.2(135C) Participation. Participation in a quality-based inspection is limited to health care facilities which are licensed only by the state and are selected for participation by the department. The department shall select a facility based upon the facility's history of compliance, the facility's willingness to participate in such an inspection, and information collected during the two previous survey cycles. Participating facilities shall then receive a quality-based inspection in their first inspection to be performed during the time period of July 1, 2000, through September 1, 2001. Participation in a quality-based inspection does not relieve a facility of its obligation to operate in compliance with state law and rules.
